

**Product information**

<b>Product description:</b>	SOLL Defect guide coat - is a unique control powder that enhances surface imperfections such as pinholes and scratches making them visible while sanding . Unlike liquid and aerosol guide coats , dry Defect guide coat requires no masking before use and has no dry time after application , making it extremely efficient and easy to use. Additionally , the dry formula contains no added solvents and doesn't clog the sandpaper , increasing body shop productivity while ensuring an easier clean-up.
<b>Features:</b>	<ul style="list-style-type: none"> <li>- Reveals surface imperfections such as pinholes and scratches</li> <li>- Dry consistency requires no masking and no drying time</li> <li>- Can be used when wet or dry sanding</li> <li>- Does not contain any intentionally added solvents</li> <li>- Highlights body lines</li> </ul>
